OUR BRANDS

M&J

Quality Seasonal Fish & Seafood

We have partnered with one of the industry's leading fish suppliers to offer you a range of fresh fish, as well as a comprehensive frozen range. Our partnership means getting quality seasonal British fish and seafood onto your menu boards couldn't be easier. M&J Seafood follow the catch as it migrates around the coastline and know exactly when and where to be to get the very best of the catch.

OUR BRANDS

freshdirect™

*British & Globally Sourced
Fruit & Veg*

For over 50 years Fresh Direct have worked day and night, 364 days a year, to deliver British and globally sourced fruit and veg to dedicated chefs across the country, it's easy to see why they are called produce fanatics! You'll find everything you need from the core essentials to more seasonal produce, perfectly packaged to protect the product and maintain freshness!

OUR BRANDS

*Supplying
Caterers For
Over 20 Years!*

Created in response to a shortage of quality fillings, Purple Pineapple has been supplying caterers with superior fillings for over 20 years, using the same principles as when it was first founded! Our fillings are only ever mixed by hand, so the more delicate ingredients are kept intact whilst the finished product looks more handmade than machine blended alternatives. What's more, our fillings are extremely versatile; use as a jacket potato topper, a pie filling or as part of a sharing platter... the possibilities are endless.

NEW RANGE *highlights*

**FlatStone
PIZZA
co.**

We've explored what makes the perfect pizza and discovered that it all comes down to our 3 key ingredients.

A hand-stretched, stone-baked base with expertly crafted sauce and toppings.

This is how we create the delicious flatstone pizzas we're so proud of and that we know your customers will love too. **Our complete pizza solution takes the hard work out and puts quality in.** Our authentic pizza experience will keep your customers coming back time after time, delivering consistently healthy profits.

4aces
Food Service Packaging

Choosing sustainability packaging isn't just good for the environment, it's good for your brand too.

At 4 Aces, sustainability isn't just a feature, it's our foundation. It's a fundamental part of who we are and what we do. We recognise the importance of minimising our environmental impact and are dedicated to integrating sustainable practices into every aspect of our business.

Plastic pollution has become one of the biggest threats to our environment and our future. Since so much of it is created by the packaging industry, we realised there is a way of tackling the problem head-on: by creating **next generation packaging solutions that can transform the industry.**

How do we do that? By harnessing the power of nature. We've been designing alternative packaging solutions that contribute to restoring planetary health.

We have carefully re-engineered the humble food container to eliminate waste and make the planet a healthier place, all while preserving the convenience we've become use to. Where conventional containers have petrol-based coatings that stick around forever, we've created a 100% natural seaweed coating. Once finished, the whole package can be composted and disappears without a trace—just like a fruit peel.

Doughboys

Doughboys Pizza is an multi award-winning pizza brand on a mission to premiumise the frozen pizza category within foodservice. We specialise in authentic Italian pizzas which are handmade, hand-stretched and hand-topped in Italy, using traditional techniques and natural ingredients. **No nasties. No mess. No hassle. Just delicious authentic pizza - from Italy!**

Our authentic signature sourdough recipe is lovingly made entirely by hand in Italy. All of our pizza dough undergoes a slow proving period. The hand-stretched, slow-proved sourdough base gives each slice a delicious depth of flavour and it's stone-baked to a crisp perfection in a traditional flame oven. Ready to cook straight from frozen, it's the perfect choice for foodservice customers looking to deliver an authentic Italian experience.

Jude's

We're Jude's, a family who love crafting utterly delicious ice cream. It all started with one man mixing and churning in a Hampshire dairy barn. His creations were lip-smackingly good, so good he gave them his wife's name, Jude.

Making our ice cream in small batches we carefully select the best tasting ingredients; for example, single estate Colombian cacao, Madagascan bourbon vanilla, and milk from Matterley Farm, just down the road in Hampshire. We've tasted and tested literally thousands of different recipes over the years and have picked up over 50 Great Taste Awards to date! We are fortunate to live and work in an incredibly beautiful corner of our incredibly beautiful planet. The rolling hills of the South Downs remind us daily that we have a responsibility to protect our natural environment, so we have responded to the climate emergency by making Jude's carbon negative.

We're known for our brilliant customer service, our boundless energy and drive. And of course, for making lip-smackingly-good smoothies that you can whizz up in your blender in an instant – with no chopping, no mess, no waste and lots of delicious flavours to choose from.

We're all about maximum taste and fully loaded nutrition – you won't find anything processed here. By using our packs, you guarantee portion control, margin, consistency and quality of product, with no wasted prep time.

We're the original and best frozen smoothie company and we'll never take our position for granted. We continually strive for better, we set industry-leading standards, and we put delivering sensational products at the heart of what we do - We're also super proud to be B Corp certified, meaning that we put sustainability at the heart of everything we do.

Pip Organic, the healthy organic food & drink company, was founded by husband-and-wife Patrick & Karen O'Flaherty who with a true belief in working with nature, began making 100% pure organic juices from a small stall in London's Borough Market.

A whole heap of juicing and a couple of kids later Pip Organic was born, with the mission of creating **top-tasting, fun and healthy food & drink for all the family**, that is so crammed with 100% organic goodness there is just no room for nasties or compromise!

The Homemade Brownie Company began unintentionally in the charming village of Hook, Hampshire, where founder Laura Bland turned a personal challenge into a delightful opportunity.

A passionate team ensures every batch is made with **premium ingredients and a handmade touch** - 10 prestigious Great Taste stars between 2022 and 2024 reflects our unwavering commitment to crafting exceptional treats.
